

Liferay Portal 6.0 EE Compatibility Matrix

Liferay Portal Enterprise Edition (EE) is only supported under the following configurations:

	Certified	Supported
Application Server	<ul style="list-style-type: none">• Glassfish v3• JBoss 5.1• Tomcat 6.0• Weblogic 10.3• Websphere 7.0• Websphere 6.1	<ul style="list-style-type: none">• JOnAS 5.1• Resin 3.1• Weblogic 10
Database	<ul style="list-style-type: none">• DB2 9.7• Hypersonic (HSQL)• MySQL 5.1• MySQL 5.0• Oracle 11.1• Oracle 10.2• PostgreSQL 8.4• SQL Server 2008• SQL Server 2005• Sybase ASE 15.0	<ul style="list-style-type: none">• DB2 8.1• SQL Server 2000
Operating System	<ul style="list-style-type: none">• AIX• CentOS 5• CentOS 4• Red Hat Enterprise 5• Red Hat Enterprise 4• Solaris 10• Windows 7• Windows Server 2008• Windows XP	<ul style="list-style-type: none">• HP-UX• Oracle Linux• Other Linux Distributions• Ubuntu• Windows Server 2003
JDK	<ul style="list-style-type: none">• Sun JDK 5• Sun JDK 6	

Certified vs. Supported Environments

1. **Certified:** Products in the Certified list have undergone automated regression and certification testing by Liferay and are fully supported with a Liferay Enterprise Subscription.
2. **Supported:** Products in the Supported list have undergone automated regression testing by Liferay and are fully supported with a Liferay Enterprise Subscription.

For a browser to be eligible for support:

1. The major browser version has been released 2 months prior of the major Liferay version release date.
2. Versions of browsers that were released after a major Liferay version release have not been tested and support for these newer browser releases will be provided as a commercially reasonable effort only and may be included in subsequent service releases at Liferay's discretion.
3. Versions of browsers that were supported with an initial release of a Liferay version that have reached the end of their product lifecycle are no longer tested in subsequent service releases and support for those older browser releases will be provided as a commercially reasonable effort only.
4. "Quirks mode" for all browsers is not supported.
5. Internet Explorer Compatibility modes for all relevant versions are not supported as well due to poor implementation.
6. Limited support is provided for Internet Explorer 6 on a case by case basis. Internet Explorer 6's performance limitations prohibit it from running the latest internet technologies effectively without performance degradation.
